REVIEWED AND APPROVED FOR SUBMISSION
CAO: MANAGER:

LEG:

RELEVANT LEGISLATION:

RECOMMENDED ACTION:

MOTION: That Committee of the Whole accept the Manager Updates for information, as presented.

BACKGROUND/PROPOSAL:

For the January 21, 2025, Committee of the Whole (COTW) meeting, Administration did not receive any delegation requests. In response, specific managers have been invited to attend the meeting to engage in candid conversations with Council. This approach provides an opportunity for managers to deliver project updates, address any challenges from 2024, and highlight upcoming initiatives for 2025. This open and informal dialogue gives Committee of the Whole a chance to stay informed and up to date while helping managers and officials stay on the same page about key priorities and projects.

BENEFITS OF THE RECOMMENDED ACTION:

1. The benefit of this approach is that it helps build stronger communication and understanding between Committee members and managers. It ensures everyone has the same information, supports better decision-making, and fosters a collaborative environment for addressing challenges and planning for the future.
-

DISADVANTAGES OF THE RECOMMENDED ACTION:

1. A potential disadvantage is the risk of blurring the fine line between the roles of Administration and Council. Informal discussions could lead to Council unintentionally delving into operational matters, which are the responsibility of Administration, rather than focusing on governance and strategic oversight.
-

ALTERNATIVES CONSIDERED:

FINANCIAL IMPLICATION:
